Annotations: Red boxes highlight the query, the "Specialty coatings retailers" citation, the "Imron 2.1 HG-D+ or Imron Marine MS600" citation, and the "stobelssupply" source. Red arrows point from these boxes to the "stobelssupply" source in the Sources panel.

Google AI Overview Citation

Helping content appear as a trusted source in Google AI Overviews.

The screenshot shows a Google search for "is imron paint still available". The search bar is highlighted with a red box. Below the search bar, the "AI Overview" tab is selected, and its content is highlighted with a red box. The AI Overview text states: "Yes, Imron paint is still actively manufactured and sold today. While originally developed and famously marketed by DuPont, the product line is now owned and produced by Axalta Coating Systems after they acquired DuPont's performance coatings division." Below this, a section titled "Current Availability & Lines" lists two bullet points: "Available through authorized Axalta Coating Systems commercial and industrial paint distributors." and "Modern formulations include compliant low-VOC options like Imron 3.5 HG+, Imron 2.1+, Marine (MS600), and aviation-specific series." To the right of the AI Overview, a Facebook post is highlighted with a red box. The post is titled "Is Imron paint still available? - Facebook" and includes a photo of paint cans. The post text says: "Jul 4, 2025 — Imron Availability: Imron paint is still available, now owned by Axalta, and ...". Below the Facebook post, there is a link to "Why don't more people still use Imron? • How to Paint Your ...". At the bottom of the search results, there is a "Show more" button.

Google AI Mode Citation & Product Visibility

Optimizing content and product data to earn citations and increase product visibility in Google AI Mode.

The screenshot shows a Google AI Mode search interface. The search bar at the top contains the query "is imron paint still available". Below the search bar, the "AI Mode" tab is selected. The main content area displays an "AI Overview" section with the following text: "Yes, Imron paint is still available, but it is now manufactured and sold by Axalta (formerly DuPont Performance Coatings). It is widely used for aviation, marine, and industrial fleets." Below this, it states: "The active product lineup includes variants like Imron 3.5 Plus, Imron 2.1+, and Imron Marine MS600. However, due to strict environmental and VOC regulations, the original DuPont chemical formulations have evolved. In fact, due to these regulations, certain Imron formulas are not available in states like California." Finally, it says: "You can find current Imron polyurethane topcoats, activators, and reducers at authorized retailers such as Strobels Supply, All From 1 Supply, or Merritt Supply." A red box highlights the "Strobels Supply" link. To the right of the text, a product card for "Axalta Imron 2.1 HG Black Gallon High Gloss Polyurethane Enamel" is shown, featuring an image of a paint can and the Strobels Supply logo. A red arrow points from the "Strobels Supply" link in the text to this product card. On the right side of the screen, a sidebar displays a list of search results. The first result is "Dupont Imron paint | Pilots of America". The second result, "Imron vs Cromax vs Nason: Axalta Coatings | StrobelsSupply", is highlighted with a red box. This result includes the text: "Is Imron paint still made? Yes. Imron is an active Axalta product line available through authorized..." and the Strobels Supply logo. Below this, another result snippet is visible: "Body guy says he uses IMRON paint. | ClassicBroncos.com". At the bottom left, there is a text input field labeled "Ask anything". At the bottom right, there is a circular profile picture of a man with a beard and glasses, wearing a suit and tie.

Is Imron paint still available?
Is Imron paint still around? Was used to paint semi's back in the 80's. Was wicked tough!

See more links

Searching the web >

Yes, Imron paint is still available, but it is now produced and sold under the Axalta brand rather than DuPont and is harder to find than before. [strobelsupply +1](#)

Current availability

- Imron is still being manufactured and sold as a polyurethane enamel/topcoat line (e.g., Imron Elite, Imron Industrial, Imron Marine, Imron Aviation). [axalta +4](#)
- DuPont sold the Imron product line to Axalta, so you'll find it as **Axalta Imron**, not DuPont Imron. [strobelsupply +1](#)
